# RAWHIDE KELLY TRIES TOURNAMENT FOR POOL TO IMITATE NOLAN! CHAMPIONSHIP OPENS

Gurney Calls Off Match, Owing Seymore Fails to Call His Ball to Squabble Over Weight Question.

The much talked of twenty-round boxing bout between Rudolph Unholz and Pete Sullivan has been called off by William Gurney, who was promoting the match. Manager "Rawhide" Kelly tried to dictate terms regarding weight, and Pete Sullivan refused to fall into the trap. Unholz was anxious that Sullivan should enter the ring at 153 pounds, but wanted to draw up the articles so that he might escape himself. Sullivan made Unholz the following proposition. "If either man entered the ring without having made weight, the man that did make weight should receive 60 per cent of the receipts, win, lose or draw." Unholz would not accept the proposition. Sullivan says that Frank Mantell was caught in the same kind of a trap, but according to the articles of agreement was unprotected in his match with "Rube" Smith of Denver. One week before the contest Mantell was given to understand that Smith would enter the ring without making weight, while Mantell at that time was at his weight, 142 pounds. Notwithstanding this handleap Mantell stayed the twenty rounds, and it is the opinion of those who saw the fight that if Smith will enter the ring at 142 pounds with Mantell that Smith cannot go ten rounds. Pete Sullivan will probably take on Charles Neery the latter part of November, having received an offer from Manager Toy. Sullivan says he would like to stay here, but as there is very little prospect of any boxing in this locality he has decided to move on. Unholz was anxious that Sullivan should enter the ring at 153 pounds, but wanted

#### SEATTLE WRESTLER BEATS SOUTH AFRICAN

TACOMA. Wash., Nov 4—Dr. B. F. Roller of Seattle threw Sharkey McLaglen, the South African champion, twige tonight in forty-two minutes of the flercest and cleanest wrestling ever seen in Tacoma. Dr. Roller won the match on superior skill. He took the aggressive and kept it most of the time. The first fall came after a fifteen-minute struggle, and resulted from a scissors hold with the legs about the neck and a body hold. Dr. Roller used Gotch's toe hold and a knee hammerlock to throw McLaglen the second time. The bout lasted twenty-seven and a half minutes. McLaglen displayed marvelous strength throughout the match. He repeatedly broke seemingly deadly holds, but he combined very little science with his great strength.

#### GOLDEN DEFEATS LOGAN AGGIES BY BIG SCORE

The Golden Miners defeated the Logan Agricultural college team by a score of \$35 to \$0\$ last Saturday, and claim that the big score was made owing to the defeat of the Golden team by the Utah university team. The two Utah teams will meet next Saturday, and it is predicted that if Golden could score \$5\$ to \$0\$, the local team will score about \$60\$ to \$0\$. Last year the \$A\$ C. team was as strong as it is this year and the locals won by a score of \$5\$ to \$0\$, in 1905 the score was \$5\$ to \$0\$, the \$A\$ C. leaving the field after the first touchdown was made; in 1904 the score was \$3\$ to \$0\$ in favor of the university. Football men here say that Golden is making too much noise over its recent defeat.

CINCINNATI, Nov. 4.—Title to Player Schneiberg was awarded to the Milwaukee American Association club in a decision reached today by the National Baseball commission. The Detroit American league team had claimed the player, but the commission found that Detroit had forfeited its claim by a written waiver of all rights to him.

### Spokane Claims Title.

SPORANE. Nov 4 — Manager George Rouse of the Spokane high school foot-ball team announces his intention of challenging the North Division team of Chicago for a game to decide the high school championship of the United States. Spokane now claims the Northwest cham-pionship, having defeated Seattle's high school Saturday by a score of 4 to 0.

### Spokane Claims Titles.

Reports are being sent out from Spo-kane that the high school there is anxious to play the north division of the Chicago high school for the championship of the United States. There is just enough foot-ball enthusiasm in Utah to make a fight for those honors, and lovers of the sport here would like to see Spokene defeat the crack Ogden high school team before any more titles are chalmed.

Technicality.

The first round for the Utah State pool championship was won by Dan Winters, defeating Fred Seymore by a score of 100 to \$2. Monday evening at the Loss Cabin billiard hall. The most halls made during any one run was fiften by Winters, Seymore made a run of twelve, About five hundred people were present to see the games, but the exhibition was not wnat it should have been. Both Winters and Seymore were nervous and failed to play up to their standard. Seymore was given a handicap of fifteen halls over Winters and hand the tournament won, but failed to call his last shot, and Referee Clayton judged it a foul by protest of Winters, whe had but one hall to make, and he won out. The last game was the hardest one played during the entire series. Neither player dared to break the balls and runs of two and three were made as a result. When the balls were racked up Winters had five to run and Seymore wade as a result. The former run four and missed his fifth shoot. Seymore made his eight, but failed to call the last bull, and he was disqualified, but he still has an opportunity to play for the diamond medal.

W. Wiscomb and A. E. Allen will play tonight, the former having a handicap of 25 and the latter 15 balls.

Young Talks to Students.

In a speech to the university students Monday, President Young declared that no excuses were coming from the university that the team was defeated, as far as can be learned, fairly, and that no cry of robbery or foul play would be reised. He said that students should pass no judgment until they had heard what Coach Maddock and the team had to say concerning the game. President Young urged all students to show their true spirit in the face of defeat by attending the scheduled raily Tuesday noon. Elabornate preparations are being made by the students for the game next Saturday which occurs at Cummings field, between the university team and the Aggies. For the past three years the university has had an easy time in these games.

Must Extend Service.

About one-fifth of the forest area of the country is in Government reserves, but Mr. Finchot called attention to the fact that as privately-owned lands are better than the Government does not control one-fifth of the timber supply. The forest service will ask Congress for more money and more men in order to extend the survice, and will push the work for referenting the denuded timber lands. Mr. Pinchot says however, that it is utterly beyond the possibility of the service to meet the situation and prevent serious trouble. One hope entertained is the Appalachian forest, and an effort will be made to protect this and promote the growth there.

A scheme advocated by the State forester of California is being watched with a great deal of interest. Under the police powers of the Cale the forester is endeavoring to protect the watersheds and prevent private owners from devastating these lands in such manner as will injure irrigation of lands below. If this plan works well the Government forester believes it will be taken up in other States and Federal nuthorities will be aided greatly by the co-operation. In appealing for the protection of the natural resources, Mr. Pinchot said that there is a changing sentiment throughout the country and that people are beginning to see that the right to use such resources does not carry with it the right to destroy them. The forest service will make additional efforts to educate the people along this line.

No wife of a man who works for day's wages will vote for Fernstrom or Hall for the Council. These men think \$1.50 a day sufficient for the man who toils. If they have a voice in the Council for the next year, they will establish \$1.50 as the scale for the city. This will reach other lines of work. A general trimming down, in face of high prices for living, will bring suffering to thousands of homes. VOTE AGAINST HALL AND FERN-STROM. No greater enemies of good wages are in the city. Vote them down and see to it that your friends do likewise. LIFT THE LEVER OVER to hkewise. LIFT THE LEVER OVER THEIR NAMES. #### NEW ITALIAN TENOR SCORES GREAT TRIUMPH

NEW YORK, Nov. 4.—The Manhattan opera house began its second season tonight, and incidentally inaugurated one of the most notable musical seasons in the annals of New York. 'La Gioconda' was the opera in which Mr. Hammerstein chose to reintroduce Mmc. Nordica, who had not been in New York, who had not been in New York. York, except on the concert stage, in two years, and to enable the Italian tenor Giovanni Zenatello, to make his

tenor, Giovanni Zenatello, to make his first bow to an American audience. These two principals, surrounded by others scarcely less notable, with Campanini to guide the great orchestra, and a chorus of unusual excellence, gave a fitting setting to the performance.

Aside from the distinctly social character of the first night of the operatic scason, with all its spectacular features such as only a New York "first night" can furnish the performance was notable for the instantaneous success of two artists new to American audiences—Zeartists new to American audiences—Zenatello, the tenor, and Mme Gerville-Beache, contralto. The new tenor, of Reache, contraite. The new tenor, of whom so much had been said in praise abroad, quite came up to the high expectations of the audience. From the moment he made his entrance—a particularly striking one—he had the sympathy of the audience, and he kept it, and later earned the ovation given him for his brilliant singing in the second act. Of course, there were flowers for all, and for Mme. Nordica in particular there were scores of these reminders from friends.

from friends.

Conductor Campanini's triumph was as marked as that of the singers. Time and again he was brought upon the stage to acknowledge insistent applause. Enthusiasm, in fact, was the dominant feature of the performance, for Manhattan audiences are largely of the music lovers and enthusiasm is character. hattan audiences are largely of the mu-sic lovers and cuthusiasm is character-istic of them. Zenatello, though slight-ly nervous during the first act, rose to his work in the second, and displayed a voice of marvelous strength and purity His favor with the audience grew as the performance progressed, and at the close of the last act he was repeatedly close of the last act he was repeatedly called out to acknowledge the ap-

The Utes, it is pointed out, are in a sense the guests of the Sioux, and the Indian idea of hospitality might induce some of the younger Sioux braves to offer aid in resisting any forcible measures adopted for the subjugation of disaffected Utes.

### Sioux Reported Peaceful.
